

Sites Cheat Sheet

Build internal project hubs, team sites, and public-facing websites.

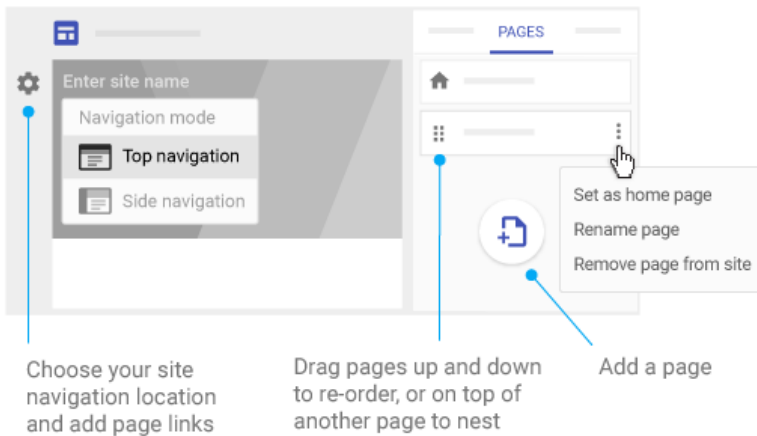

1 From Drive, click **NEW** > More > Google Sites.

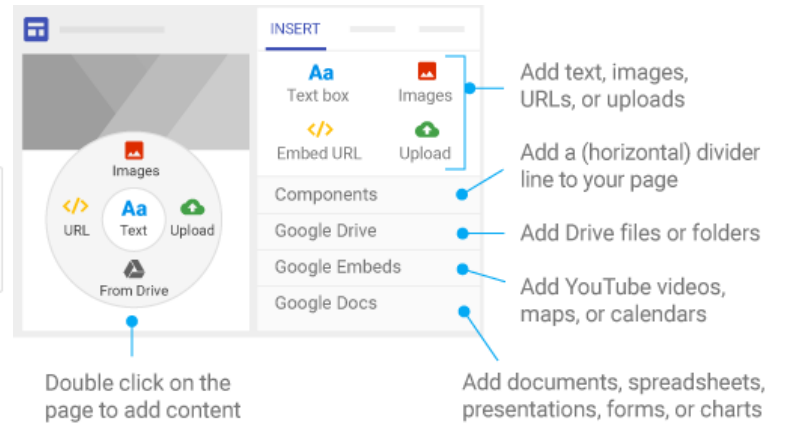

2 Customize your site and home page.

3 Add pages and navigation.

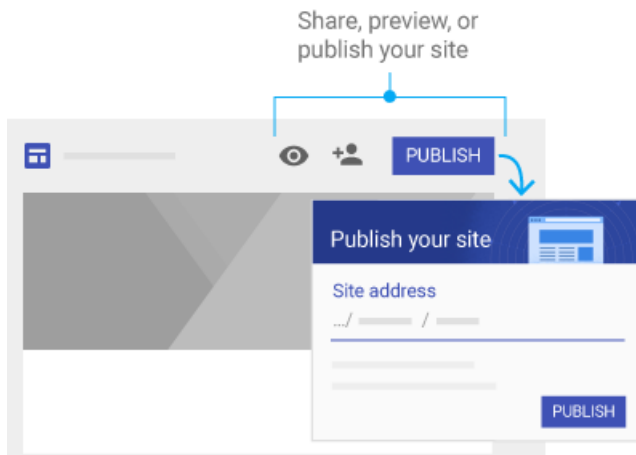

4 Add content to pages.

5 Share, preview, or publish your site.

Sites Cheat Sheet

Share	Share your site with your team to collaborate.
Preview	See how your site will look on any device once it's live.
Publish	Set your site's complete URL and who can see the site, then make it live.
